Add Special Notice #2, Sheet SN-2, to the proposal package.

.

END OF ADDENDUM NO. 2

SPECIAL NOTICE #1

Town of Mount Pleasant
New York

WAGE RATES:

Contractor shall note that the Town was informed by the New York State Department of Labor Bureau of Public Work & Prevailing Wage Enforcement that the trucking portion of this project is not subject to payment of wage rates. All other work performed under this project is required to pay wage rates to their employees. Contractor shall reflect these requirements in their bid.

SPECIAL NOTICE #2

Town of Mount Pleasant
New York

TEMPORARY TRUCKING OPERATIONS SHUTDOWN:

Contractor shall note that the Town will undertake a project for the removal of excavated material forming a berm that is adjacent to the Clay Bird Lane access driveway. As this material contains C&D with higher concentrations of lead, the town is requiring that trucking operations for this project will be shut down for a two week period while this material is removed. This action is under an abundance of caution to prevent impact to the mulch and also to reduce the number of trucks operating within the driveway. Contractor shall reflect the trucking operation shut down requirement in their bid.
